

Hello NCTH Members and partners,

NCTH as part of its on-going partnership with the VNA of Central Jersey (VNACJ), is helping the VNACJ Health Center to organize two focus groups. One is scheduled for April 21st at 7:00 pm and will be conducted in Spanish. Another is scheduled for April 21st at 10:00 am and will be conducted in English.

The purpose of these focus groups is to gather information from residents and service providers from the Freehold area on what they believe are the biggest health issues and challenges facing community residents. We also would like to explore community strengths and identify the things in the community that people think are helping residents to stay healthy.

I hope you can join one of these groups. All participants will receive a \$20 gift card. Please register for one of these events using the following links. Thank you!

Evaluación de las Necesidades de Salud de la Comunidad

(CHNA, por sus siglas en inglés)

¡Ayúdenos a mejorar la salud de nuestra comunidad!

Participe en una Sesión de Diálogo Comunitario

Freehold Family Health Center está realizando una evaluación de las necesidades sanitarias de la comunidad, para comprender mejor los problemas más urgentes relacionados con la salud que afectan a las personas que viven y trabajan en las comunidades a las que servimos. Únase a nosotros para compartir su punto de vista y discutir posibles soluciones.

Haga clic aquí para registrarse:
